Good question. Greg is being requested for the Gold King Mine site which would put his time at **Nonresponsive** in jeopardy. As a backup for Greg, I'm looking at Bob/Matt/other, and we haven't signed the AM yet. Thus, it may or may not happen.

Greg projected a month long field project.

We'll have to put a plan in place to obligate for current commitments and make available anything else possible. **Nonresponsive** but since this won't be enough, we'll have to think about not doing this removal at all this FY. I'd like some time to think about this.

Wally
